The Chartwell Pathway

A Journey with Purpose.

Our School

Where Cambridge meets creativity and sustainability.

WHY CHARTWELL?

CAMBRIDGE CURRICULUM

Academic excellence grounded in inquiry and real-world learning.

INTERDISCIPLINARY APPROACH

Nurturing well-rounded individuals who thrive academically, physically, and emotionally.

IMMERSIVE NATURAL CAMPUS

Forest classrooms, gardens, labs, and sports courts surrounded by nature at Lo Curro, Vitacura and El Rodeo, Lo Barnechea.

FORWARD-LOOKING EDUCATION AND SKILLS

Hands-on STEM approach, critical thinking, and environmental stewardship from an early age.

HOLISTIC DEVELOPMENT

Nurturing mindfulness, emotional intelligence, physical movement and leadership skills.

Our Students

Multicultural learning community with over 60 different nationalities.

**CONFIDENT.
CURIOUS.
CAPABLE.**

At Chartwell, students develop far more than knowledge
– they develop a mindset.

They learn to approach challenges with curiosity, express ideas with confidence, and take increasing ownership of their learning.

Within a supportive and diverse community, students build meaningful relationships and develop a strong sense of respect and global awareness.

Beyond the classroom, they grow into thoughtful individuals who act with integrity, contribute positively, and adapt with confidence to an ever-changing world.

Our Campuses

Early Years

CURIOSITY COMES FIRST

A nurturing environment where exploration, play, and discovery build the foundation for learning and confidence.

Primary School

FOUNDATIONS SHAPE FUTURES

Students develop strong academic skills while growing in independence, creativity, and curiosity.

Primary & Secondary School

AMBITION MEETS OPPORTUNITY

A focused and supportive environment where students deepen their knowledge and prepare for future academic pathways.

Our Programme

The Cambridge Curriculum: A Globally Respected Pathway.

The Cambridge International curriculum provides a structured and globally recognised academic pathway, respected by leading universities worldwide.

At Chartwell, students develop strong subject knowledge while building essential skills such as critical thinking, communication, and problem-solving – preparing them for success in higher education and beyond.

From early years through to IGCSE and A Levels, each stage is carefully designed to support steady progress, confidence, and strong academic outcomes.

Our Recognition Worldwide

Pathways to Leading Universities.

Cambridge International qualifications are recognised by over 2,200 universities across more than 90 countries, reflecting strong academic standards and global recognition.

This enables our students to progress confidently through the Cambridge Pathway – from Primary and Secondary education to leading universities worldwide – **supported by an almost 90% first-choice university acceptance rate.**

In Chile, students may also benefit from selective and direct admission pathways to top universities.

Through our partnership with **Global Admission Center**, connected to over 1,000 universities worldwide, students receive personalised support in university selection, applications, and academic positioning.

We also host university fairs with representatives from over 50 countries, offering direct access to a wide range of global opportunities.

Our Commitment to COBIS

Committed to Excellence

Chartwell International School is **proud to be a candidate school of the Council of British International Schools (COBIS)**, reflecting our commitment to high standards and continuous improvement.

We are currently the only COBIS candidate school in this part of the world, reinforcing our position as a leading provider of British international education in the region.

Through this process, we align our practices with recognised British standards across teaching, safeguarding, and leadership.

Our journey towards full COBIS accreditation reflects our ongoing commitment to excellence and the continued development of our school community.

Our Teachers

Globally diverse. Universally dedicated.

Our teachers are at the heart of the Chartwell experience.

Bringing together a wealth of international experience, they combine strong subject knowledge with a genuine commitment to each student's development. Beyond academic instruction, they focus on building confidence, curiosity, and a sense of purpose in every learner.

Drawn from a wide range of countries and educational backgrounds, our teachers reflect the global nature of our school while sharing a common set of values – care, professionalism, and dedication.

Through strong relationships and a personalised approach, they support students both academically and personally, ensuring each child feels understood, challenged, and inspired to achieve their best.

Our Wellbeing Programme

A culture where children feel happy, confident, and truly at ease.

At Chartwell, wellbeing is not an add-on — it is a foundation.

Our approach is inspired by the **SEE Learning** framework from Emory University, a globally respected model that cultivates emotional intelligence, self-awareness, and resilience.

Through this evidence-based philosophy, students develop the inner confidence, balance, and social understanding that underpin both academic success and lifelong wellbeing.

**HAPPY.
SECURE.
THRIVING.**

Green & Sustainability Programme

Rooted in Nature.

At Chartwell International School, our natural surroundings are an essential part of the learning experience.

Our campuses are thoughtfully **designed to support outdoor learning**, allowing students to engage with their environment in meaningful and practical ways as part of their daily routine.

Through activities such as gardening, environmental projects, and outdoor exploration, students develop a sense of responsibility, awareness, and respect for the world around them.

This approach encourages thoughtful action and helps students grow into environmentally conscious individuals, prepared to contribute positively to a sustainable future.

Our Enrichment Programme

Education, enriched.

Our enrichment programme extends learning beyond the academic curriculum, shaping well-rounded and confident individuals.

Activities across sport, creativity, performance, and innovation – including basketball, football, hockey, baseball, taekwondo, gymnastics, climbing, mini golf, dance, capoeira, drama and performing arts, music and ensembles, robotics and introductory robotics, STEAM, chess, arts and recycled crafts, weaving, gardening, no-bake cooking, and Spanish and English clubs – allow each child to explore their interests and discover new strengths.

These experiences build confidence, resilience, collaboration, and creativity – essential for both academic success and personal growth.

Enrichment is an essential dimension of education at Chartwell.

Our Community Celebrations

Celebrating cultures, milestones, and shared moments.

**CONNECTION.
CULTURE.
BELONGING.**

School life at Chartwell is enriched through meaningful shared experiences.

Throughout the year, students and families come together to celebrate cultural events, achievements, and important moments within our community. Among these, **International Day** stands as one of the most significant celebrations in the school.

With over 60 nationalities represented, this event brings our community to life – celebrating cultures, traditions, and perspectives from around the world. It reflects the true spirit of Chartwell: diverse, connected, and globally minded.

These experiences strengthen relationships, foster mutual respect, and create a lasting sense of belonging for every member of our community.

A New Chapter Begins

A New Learning Environment

Green by Chartwell

ROOTED IN NATURE. DRIVEN BY LEARNING.

A forward-looking extension of Chartwell International School, **set to open in Santa María, Vitacura in 2027**, bringing together academic excellence, innovation, and a thoughtfully designed environment connected to nature.

The new campus embodies a strong commitment to sustainability, with outdoor learning spaces, gardens, and environmentally conscious design integrated into everyday school life.

Here, sustainability is not only taught, but lived – shaping how students learn and grow, while fostering a lasting sense of responsibility for the world around them.

Our Families Speak

Real experiences. Genuine trust.

"Mis hijos están felices ahí: es un ambiente súper cálido y familiar con profesores nativos en inglés que realmente los conocen y cuidan, clases son pequeñas, hay diversidad de niños de todo el mundo y un enfoque en valores como respeto y liderazgo, además de excelencia académica con currículum británico puro. El nuevo campus es precioso, moderno y seguro. Las familias que conozco lo aman por lo acogedor y el nivel educativo."

"Chartwell Primary School is the perfect choice in Santiago, Chile. If you want your kids to learn anything internationally, I'd like to really recommend this school. Thanks to this good environment, my daughter have an interest in languages, other country cultures, trip, etc. It's been valuable experience for her."

"Acabamos de empezar en Chartwell. ¡Estamos encantados con la comunicación, la bienvenida y el entusiasmo de todos!"

"Maravilloso! Un lugar acogedor , con personas increíbles, donde dejas a tu hijo con la seguridad de que no solo va aprender , sino también va pasarlo bien y lo van a cuidar.

Cuando tu hijo se duerme feliz porque al día siguiente irá al colegio y se despierta emocionado de ir... realmente sabes que lo dejas en un buen lugar."

"My daughter has been studying at Chartwell International School for six years, and our experience has been truly wonderful. The teachers are caring and professional, the academic standards are high, and the environment is very supportive and international. We've seen our daughter grow not only in knowledge but also in confidence and character. Chartwell is a school that really values each child and helps them reach their full potential. We're very grateful to be part of this community!"

Our Admission Process

Admission is open all year round and possible as long as vacancies are available at the time of enrollment.

Express an interest

Contact us to express your interest.

Schedule a visit

Come visit us to see our school premises, meet our staff and find out more information about our curriculum.

Set up a Free Trial

Email us to schedule a free trial week for your child.

Feedback and Recommendation

Following the trial week, we provide personalised feedback and recommendations.

Enrollment

Proceed with enrolment should our educational team recommend Chartwell as the right fit for your child.
